LAFAYETTE

Harley Weltmer is seriously ill with pneumonia.

Frank Vilk was married on Tuesday to the French girl whom his brother Val brought here from France. The ceremony occurred at Medina.

The exercises given at the school building under the auspices of the school children netted the sum of \$30.

Born, to Mr. and Mrs. Rob Young of Cleveland, on Xmas day, a son. Mr. and Mrs. Young are former Lafayette residents.

Leon Reynolds is census enumerator for this township. He will begin his new duties Jan. 2. Old maids and others are requested to be truthful when Leon calls for information regarding ages, etc.

Blaine Mallory was found dead in the engine room at the salt works in Wadsworth about 6:30 Tuesday morning, with his skull crushed in.

A second man who was in the room at the same time was also found injured, a severe wound on the head, the second man in a dazed condition and walking around in a circle jabbering incoherently.

The cause of the accident was a broken governor on the engine, the governor balls having hit both men causing the death of Mallory and the severe injury of the companion. So far it has been impossible to determine just the nature of the second man's injuries, but friends fear his skull is also fractured.

The accident occurred about 6 o'clock. A rod broke and the engine ran away. Mallory's injuries must have caused instant death. When first found foul play was feared but an investigation demonstrated that the accident to the engine was the cause of the death.

Mallory was the assistant engineer on the job and had worked there but a short time. The two men were the only ones in the room at the time of the accident so just what took place is partly conjectural.

Funeral of deceased will be held Friday, with burial at the Shaw church, near Lafayette. Deceased resided for a short time at Lafayette. He leaves a wife and five small children.
